

NURSING MANAGEMENT PHILOSOPHY

GOAL

Wakefield's Nursing Management team are committed to providing a safe, caring environment for patients and their families, where excellent nursing meets individual needs, effectively and efficiently.

We will achieve this by:

- Working together to provide nursing staff with a high standard of clinical and interpersonal support and direction, so they can deliver excellent care.
- Offering professional opportunities to nurses so that the care patients and their families receive is current.
- Working consistently with all other health professionals respecting the other's clinical excellence, perspective and knowledge to achieve our goal.
